Here Gallery is proud to present *Coloured Matter*, a solo exhibition of new work by Glasgow based artist Helen Shaddock.

Playfulness lies at the centre of *Coloured Matter*, together with order, control and process. Despite following a systematic approach, unpredictable results occur throughout the casting process. As the plaster splashes and dribbles, layers merge to create interesting formal relationships; Shaddock's colourful constructions aim to "capture a sense of the wonderment children experience from the simplest of things."

Helen Shaddock is a Glasgow based artist who graduated from Glasgow School of Art in 2008 with a First class Honours Degree in Sculpture and Environmental Art. Shaddock has exhibited in national and international exhibitions, and her work belongs to a number of public and private collections. Forthcoming exhibitions include a solo exhibition of new work at The Briggait, Glasgow in October 2011.

Here Gallery is an award winning gallery and bookshop based in Bristol which hosts regular exhibitions from local and international artists. It shows fine art, illustration and photographic work, with an emphasis on new and emerging artists.
